MOST FOUL AND BRUTAL MURDER.

Young Roy Mills Slain and Robbed-Was an Employe From Ogden Lucin Cut-Off.

AFFAIRS OF WEBER COUNTY.

City Council Session-In Judge Rolapp's Court - Democratic and Republican Chairmen.

That Roy Mills, the young man whose body was found on the bank of Ogden river yesterday was cruelly and foully murdered is evident from every circumstance of the case.

He came to Ogden last Friday from the Ogden-Lucin cut-iff where he has been employed as driller, having congiderable money with him. While here he met a number of friends, who speak he met a number of friends, who speak highly of him. When the body was closely examined at Larkin & Sons morgue it was found that he was shot in the back of the head instead of the the back of the head instead of the uth as was first thought, as his neck was powder burnt showing that the fatal shot was fired by the murderer at very close range, and the bullet passed through the head. Dr. Forbes who also made an examination of the man, found that he had been dealt a heavy blow on the face, breaking the nasal bone. Around his neck next to his body was a money wallet holder such as is usually used my travelers, to carry their money under their underclothes, and as his shirts and vest had been torn open with such force as to tear off some of the buttons it is evi-dent the murderers knew he had the money bag on him and evidently murdered him for the money, and his watch and chain with the exception of the chain bar and three links were also gone. The small amount of money it is believed was left in his pockets as a

was also learned last night that Mills knew who the men were who held up the Turf Exchange saloon Saturday night, having overheard a conversa-tion and had informed the officers, and it is the belief that the same gang learned that he knew them and through some means decoyed him to the lonely spot and then murdered' and robbed

Judge Howell reviewed the body with Thief of Police Browning and decided hat an inquest should be held and set the hour for holding the same for this afternoon at 4 o'clock, when some new facts in the case may be brought out.

WANTS BODY SHIPPED HOME. This morning a telegram was receiv-l from Mrs. M. L. Mills of Cass City, Mich., stating that she desired the re-mains of her murdered son sent home but her circumstances were not good, and very much desired the railroad companies to assist in forwarding the

Is Crushed by Chronic Troubles, One of the most weakening, underming troubles, which mankind is hen to, is hemorrhoids or piles. And yet if at the very start he had found a rational remedy the inflammation, he would by never have had a return of

this irritating malady.

Piles may develop at any season of the year, and at almost any age of the victim; the abuse of cathartics often causes this trouble and a period arrives when the dread of pain at stool becomes so great that the sufferer begins to neglect the calls of nature, and the bowels are either forced to retain the feces or are only partially cleared, on account of the suffering attendant

upon a thorough movement.

Before you reach 'is stage use a remedy which removes the cause, thereeradicating the disease, and that is Pyramid Pile Cure which is sold by all druggists at fifty cents a pack-age; if is in the form of a suppository, is applied directly to the parts affected brings about a complete cure and brings about a complete cure, quickly and painlessly. A valuable little book on the cause and cure of piles is published by the Pyramid Drug Co., Marshall, Mich., and we advise every sufferer to send for a copy of it.

People who have suffered from piles for years are often astonished at the instant relief everyterenced from the first instant relief everyterenced from the first control of the property of the control of

instant relief experienced from the first application. Another important vantage is the fact that anyone can the remedy without detention from business or interference with daily oc-
